

Glossary

MATERIAL Vinyl

An affordable option that provides basic durability and protection. Vinyl is used in lower risk situations with nonhazardous materials. Vinyl gloves are latex-free and have a looser fit.

Stretch Vinyl

Offers the same attributes as vinyl but is more flexible. While stretch vinyl offers slightly more stretch than vinyl, the mil thickness can be very similar between the two.

Latex

Latex gloves are made from rubber and have been long accepted as the first choice in medical and industrial fields because of their low cost and multifunctional use. Useful in low, medium, or high risk scenarios depending on dexterity and mil thickness. Latex gloves offer a natural fit, extended use durability, and great touch awareness.

Nitrile

Excellent protection due to nitrile's puncture-resistant quality. They are made of synthetic rubber and are a great alternative for people with latex allergies. Nitrile gloves provide an excellent fit, comfortable wear for extended periods of time, resistance to many hazardous materials, and great touch awareness.

THICKNESS

Mil Thickness

Unit of thickness equal to one thousandth of an inch. The LOWER the gauge, the better dexterity and flexibility. HIGHER gauges offer better protection but less flexibility.

Low Mil Thickness

2.0
Flexibility

5.0

High Mil Thickness

8.0
Protection

MEASURING GUIDELINES

Choose the glove size fitted just for you!

Wrap a tape measure around the palm at its widest point. This measurement, in inches, is equivalent to the glove size:

SMALL	MEDIUM	LARGE	EXTRA LARGE
7-8"	8-9"	9-10"	11-12"

Cuff Length

Length of the forearm that the glove covers

Wrist Length: 9.5"

Forearm Length: 12"

Relia+ Products Provide Quality Care Solutions

Performance, reliability, and value are the cornerstone qualities of our growing family of exclusive Relia+ products. With sought-after product features, we continue to build our offering along with your trust. Our selection, made to exceed professional expectations and increase resident satisfaction, now includes mattresses, wheelchairs, wheelchair cushions, and exam gloves.

See our full-line Catalog V65, pages 1823-1825, and our Healthcare Catalog V10, pages 87-89, for our complete selection of gloves.
