

To find a local, authorized service dealer to service and repair your ECHO equipment, visit our **Store Locator** or call 1-800-432-ECHO (3246). You can live chat or submit your questions to talk to a customer service representative. Customer service can refer you to a local servicing dealer.

Visit **ECHO Parts Portal** to purchase any servicing parts. To identify the correct part for your equipment, find the nearest dealer, contact customer support or access the parts catalog, visit **ECHO-USA/Product-Support**.

To receive the most recent product ownership updates and information, **register your ECHO equipment**.

## PRODUCT REGISTRATION BENEFITS

- Notifies owner of pertinent safety and product information
- Provides more efficient warranty service, when needed
- Communicates parts, service and maintenance messages
